Annual PM Contracts: We can tailor your annual PM contract across all equipment types

ISO/IEC 17025:2017 Accredited Calibrations

700S10001	Light Meter - Dual Sensor
700S10002	Light Meter - Three Sensor
	Additional Light Meter Sensor over 3
700S10003	Light Meter - Ultraviolet
700S10004	Light Meter - White Light (fc)
700S10005	Light Meter - XR1000 with XDS & XS-555/L
700S10006	Light Meter - XR1000 or XP-2000
700S10007	Gauss Field Indicator
700S10009	Electronic Gauss Meter
700S10014	Shunt Meter
700S10015	Mag Machine
700S10016	Densitometer
700S10017	Area Monitor
700S10019	Dosimeter - 0-200 M.R.
700S10020	Dosimeter - Above 200 M. R.
700S10021	Dosimeter - Digital
700S10032	Rate Alarm
700S10033	Quick Break Tester - All Models
700S10034	Shot Duration Timer - All Models
700S10035	Survey Meter - All Models
700S10038	Pressure Gauge - 0-10,000 psi
700S10039	Temperature Gauge Liquid (Analog)
700S10065	Caliper / Micrometer
700S10073	Temperature Gauge (IR & Digital Thermometers)

Calibrations (Non-Accredited)

700S10018	Density Strip - X-ray
700S10022	UT Gauge / Thickness - All Models
700S10023	Additional Transducers - With Thickness Gauge
700S10025	Eddy Current - All Models
700S10026	Bond Tester - All Models
700S10031	UT Flaw Detector - All Models
700S10036	Tam Panel - All Models
700S10037	Yoke - All Models
700S10044	Coating Thickness - All Models
700S10045	Eddy Current Conductivity - All Models
700S10046	Eddy Current Conductivity Standard - All Models
700S10065	Step Wedge
700S10077	Thermohygrometer
700S10078	Optical Comparator
700S10080	Timer

Preventative Maintenance (PM) & Surveys

700S10028	PM for Processor / Tabletop*
700S10029	PM for 160KV or Less X-ray Unit*
700S10030	PM for 161KV or More X-ray Unit*
700S10064	Survey of X-Ray Cabinet*
700S10076	PM of CR Flex or CRx Vision*
700S10079	Focal Spot Measurement Test / Per X-ray Tube
700S10081	Survey of X-ray Vault*

* Additional services and charges may apply, consultation required.
